EXECUTIVE DIRECTOR'S REPORT:

I) ITEMS FOR DISCUSSION:

A) Administration:

1) Environmental Management System- March 2016
Mr. Krcun updated the Board on the status of the sludge dryers. There are three dryers, two of which are currently in service. The third dryer is expected to be back in service by the end of April. Komline has agreed to partially reimburse the CCMUA up to $2,000/day in sludge disposal costs from February 2016 until the dryer is back in service.

B) Engineering:
C) **Legal:**

D) **Operations & Maintenance:**

E) **Finance:**
   1) Voucher Payment Resolutions - Report on Emergency Payments

II) **INFORMATIONAL ITEMS:**

A) **Administration**
   1) Organizational Chart

B) **Finance**
   1) Collections Report for February 2016
   2) Budget Review Report for February 2016

   Commissioner MacFarlane noted that disposal costs have increased because the dryers are out of service, while natural gas costs have decreased for the same reason; they balance each other out- which is good. In addition, Jack Connolly added that the CCMUA’s contract with Komline guarantees that in the winter months, each dryer must process 50 tons/day and in the summer months, which began March 15th, the dryers must process 65 tons/day. In effect, the two dryers in service will process 130 tons/day. The CCMUA generates about 160 tons per day which means that two dryers should be able to process the majority of sludge produced. Commissioner MacFarlane asked how much sludge was in storage to which Mr. Connolly responded approximate 400-450 tons and ACUA is taking most of the sludge.

   Commissioner Swartz noted that connection fees are significantly ahead of budget for the first two months of the year and asked if that trend was anticipated to continue throughout 2016. Mr. Planamento responded that it is unknown if that trend will continue, however, we do anticipate receipt of several significant connection fees this year.

A motion was made by Commissioner Kelly and seconded by Commissioner Bresch to adopt Resolution #R-16:3-50, authorizing the execution of an agreement between the CCMA and Corrosion Products & Equipment of Rochester, NY for the supply and delivery of parts for Myuno Pumps in accordance with Specification #15-43. Mr. Kricun noted that, Joe Carney, Bob Cornforth, Jack Connolly and he discussed this matter because the low bidder proposed to supply “or equal” parts as a substitute for the name brand parts. It was decided that award would be made to the low bidder but that if it was determined that the “or equal” parts supplied did not work properly, the CCMA would consider other options. Mr. Carney added that the CCMA is under no obligation to order a minimum number of parts from this vendor so if it is determined that after ordering a few parts, they are not compatible, other options can be explored. Mr. Cornforth added that the bidder’s references were contacted and the replies received were positive. There being no question on the motion, a roll call vote was taken.
