**EXECUTIVE DIRECTOR'S REPORT:**
Mr. Kricun thanked the Board not only for their support of projects such as the Phoenix Park, which had its grand opening on December 12th but also for their attendance at the dedication ceremony. This project was voted by the Environmental Council of the States which is the Association of all 50 of the State Departments of Environmental Protection, as one of the 10 most Innovative uses of federal funding.

Chairman Brennan noted that while the project is a successful one, the CCMUA must continue to be diligent in monitoring and lessening all potential for odors, especially since the park adjacent to the neighborhood (he added that it was odoruous upon arrival to tonight's meeting). Mr. Gipson updated the Board by advising them that he investigated the matter and found that a septic hauler had a spill at around 4:40pm and the clean lasted until 5:15pm or so. This would likely account for the odors detected. Mr. Cornforth added that a hose failed and will be replaced.
